

1 Place the apparatuses on a flat surface with the arrow marks facing each other.

2 Open the top part of the apparatus and place your bra with its bottom on the mark.

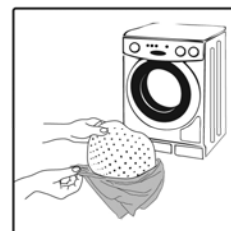

3 After installing the bra correctly, close both sides.

4 Press the notches into their corresponding slots until they click and are firmly closed.

5 Now you can easily put your bra in your luggage, and lay as many layers of clothing on it as you please.

6 You can put your bra now protected by BraGuard into the special bag provided in the box, and wash it safely in your washing machine.

**ATTENTION:**

1. BraGuard should not be used in an empty washing machine and can only be washed at 30-40 degrees.

2. A single set of BraGuard (left and right) is for one bra only.

3. BraGuard is suitable for bra sizes 70-75-80-85 and A-B-C-D cups.

4. BraGuard cannot be used with silicone bras.

5. Do not use more than 2 sets of BraGuard at a time in your washing machine.

6. Do not lay your bra to dry within BraGuard after washing.
